

## Communication and Language

- Talk about past events and experiences.
- Following directions and instructions using our class rules.
- Listening to others and joining in conversations.
- Using all the vocabulary we have learnt in Autumn term.
- Learning new vocabulary and continuing to speak in full sentences.

## Physical Development

- Letter formation of our phonics sounds.
- Getting messy and making marks in different textures to develop our writing skills.
- Healthy and unhealthy foods.
- Why is exercise important?
- Using our good control to use small tools safely.
- Develop fluent ways of moving in different ways with grace, balance and control.

## PSED

- How to look after our health and wellbeing and why it is important!
  - Getting a good amount of sleep
  - Brushing our teeth everyday
  - Sensible 'screen-time'
- = Express our feelings and consider feelings of other people
  - Manage our own feelings.
  - Think about others. perspectives..
  - Manage our own hygiene needs

## Literacy

Through our phonics we will be learning:

- New sounds.
  - To read short words and then work towards reading longer sentences within books.
  - We will continue to learn new nursery rhymes and use different books to base our writing around.
- In writing we will:
- Learn how to form our letters correctly.
  - Learn how to write the initial sounds of words
  - Learn how to write short words using our phonics skills

## Mathematics

Maths is all around us!

We will be focusing on-

- Subitising 1-6
- Counting!
- How to make numbers 1- 5
- Comparing more or less.

## Expressive Art and Design

Through our topic work we will be:

- Learning about different artists and techniques including pop art.
- making props for our role play using different materials.
- using our imagination to become superheroes.

## Understanding the World

Through our topic work we will be:

- Talking about members of our family and community and our place within our local society.

In the forest classroom:

- We will be describing what we can see and hear whilst we are outside.
- We will be looking at how seasons change our environment.
- We will be exploring the natural world around us.

Festivals

- We will be learning about different festivals and different beliefs.
