

Computing

We are VR Designers

In this unit, real-world and imagined locations will be explored in VR and there will be opportunities to link physical objects to digital content using QR codes.

Science

Everyday materials

In this Science unit Year 5 will learning about:

- How to classify substances
- Fire and fire safety

The children will be conducting their own experiments on what fire needs to stay lit and how to classify substances using pH sticks.

History & Geography

History

We will be learning about the role of Crime and Punishment in Britain.

Geography

During Geography we will be exploring OS Maps and Fieldwork.

Music

Singing Assembly will take place every Thursday afternoon.

How can you help at home?

It will be a wonderful, jam-packed summer term in Year 5.

There are many ways you can support the children's learning. Please read with your child every day. Please ensure that your child brings in their reading journal every day. This is part of the collaborative effort to help improve the children's reading. The more words that children read/hear, the better they will perform in all areas of the curriculum. You can support them by asking questions like "What do you think will happen

next? Why do you think the character said that? What does that word mean?" Encourage them to use an online dictionary to look up words they have never seen before.

Check your internet security settings. Did you know you can set the internet to only be accessible at specific times from certain devices?

We are more than happy to help with this – please contact the school office for support.

Play online maths games such as TTRS to improve maths fluency and recall.

If you are concerned about anything, please get in touch with your child's teacher through the school office. Homework and spellings will be given out every Friday.

English

Reading

We will be studying different text types and developing the skills required to be an outstanding reader.

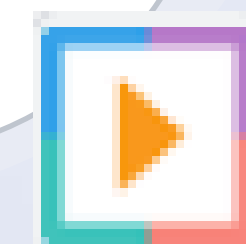

Class Novel

The Nowhere Emporium

Writing

We are writing non-chronological reports. We will look at the structural features and language features and then write our own. We will also learn how to use subheadings to organise information.

Summer 2024/25 Year 5

Art & DT

Art – Set design

During this topic, the children will design and create models.

Design Technology

During this topic, fabrics will be combined to create emergency comfort kits.

MFL

Spanish - Mi Casa (My home)

During this topic, the children will explore different rooms of the house and different locations people can live.

RE

Disposition- Being Temperate, Self-Disciplined and Seeking Contentment

Turning the other cheek
Jesus' reaction to injustice
Practice of meditation
Accepting personal responsibility
Restraining from criticism of others

PE

Year 5 will have **PE every Thursday**.
Please ensure children arrive in school in their PE kit.

Kwik cricket

- Underarm throwing at a target
- Bowling
- Batting
- Fielding

PSHE

Keeping Safe

- Exploring keeping safe online
- The difference between an addiction and a habit.

Rights and Respect

- Fact or Opinion
- Duties

Mathematics

During Maths we will be learning...

Angles

- How to measure accurately
- How to draw accurately
- How many degrees in a quarter turn, half turn and full turn.
- What the vocabulary clockwise and anti-clockwise means.

Decimals

- Adding and subtracting across one
- Working with numbers with the same decimal points.
